Major Sylvester today forwarded to the commissioners the trial papers in the case of Policemen W. T. Hollidge and A. The specific charges were that the men forced an entrance into the house of William Johnson, and that they failed to patrol their beats and to report at the Second precinct station-house through the patrol boxes on said beats. It is intimated that the purpose of the call of Lieutenant Amiss on Major Sylvester yesterday afterneon was for the purpose of being relieved of the command of the First precinct, where he has served with distinction for years, and assigned to one where the duties will not be so onerous. It is likely that his wishes in the inatter will be acceded to and that he may be sent to the Eighth precinct in place of Lieutenant Kenney. This precinct is within a short distance of the lieutenant's home, and it is believed that the freedom from worry that would accompany such a change would go a long way toward again placing him in the ranks of the well and hearty.
